

# The Fly-Fishing Hideaway on the Wind River

1-307-840-1981

Vacation Rental

[fmgoff@wyoming.com](mailto:fmgoff@wyoming.com)

## Choice of 2 Guest Rental Options!

- \*\* 3 Bedroom/1 bath Log Home (sleeps 6) or
- \*\* 3 Bedroom/1 bath Log Home + 1 br/1 bath Attached Apartment (sleeps 8)

Need a 3 bedroom/1 bath log cabin near Yellowstone as a basecamp for your family & friends? Or are you looking for a little more room -- something that includes a 4th bedroom, 2nd bath and even an extra kitchen for your next retreat? This cozy log cabin on the Wind River is perfect for someone in search of either! And either way, the home will be yours and yours alone!

Our main cabin is a 3 bedroom/1 bath log home that has been recently remodeled & furnished in western décor and log furniture and is ready to be your next vacation get-away! The cabin also has a cozy attached 1 bedroom/1 bath apartment with a small kitchen that can be rented at an additional price for larger families/parties. The apartment WILL NOT be rented out to two separate groups! This additional apartment will only be available to the same party and only as an extension rental from the main cabin.

The cabin is located directly on the scenic Wind River only 2 miles from historic downtown Dubois. Enjoy sitting on the deck next to the rushing river while looking out over the breathtaking Wind River Mountains & colorful badlands from the home. Huge century old cottonwoods surround the home, making for a very private setting. It is not unusual for guests to see mule deer, ducks & geese, bald eagles and an occasional moose during their stay.

(more info on reverse side of showsheet)

The main cabin has a cozy stone fireplace in the living area for cool evenings. The 3 bedroom home has one bedroom with a log queen bed and a full bath downstairs. The downstairs master bedroom and bath have a charming "running horses" theme. The home's upper level has two bedrooms – both have beautiful log beds & décor. One of the bedrooms has a "wildlife theme" with Moose, Deer & Elk decor. The other upstairs bedroom, which looks out over the Wind River, has a "Native American/Southwestern theme".

There is a small game room just off the kitchen with a foosball table & darts. A nice collection of western books on the living room's large bookshelf is arranged for the visitor's enjoyment. The dining table converts to a 3-in-1 Bumper Pool/Poker Table for pool sharks & gamblers!

For those of you looking for a slightly larger place, the addition of the apartment gives you sleeping room for 8 people (4 bedrooms!) and an extra bath! The little apartment also has its own kitchen & outside entrance! Guests can also access the main cabin & attached apartment from the inside as well. The apartment is decorated in an adorable cowboy theme throughout.

The blue-ribbon trout-filled Wind River is a dream for the fly fisherman. The Dubois area is also a great place to vacation if one enjoys horseback riding, ATV, hiking, rock hounding & hunting. Winter sports include cross-country skiing, snowshoeing, dog sledding, snowmobiling.

If downhill skiing is your thing, you will love the world-class skiing in Jackson Hole only 80 miles away.

The entrances to Grand Teton National Park & Yellowstone National Park are only 55 miles away! A great day trip from the cabin.
