Live the Dream at the foot of Grand Targhee Resort. This 4 Bedroom, 2.5 Bath, with the master bedroom on the main floor, is conveniently located off Ski Hill rd. in the quaint Targhee Ridge Estates II subdivision. This cozy home is full of high end finishes, including granite, stone tile floors, stainless appliances, gas rock fireplace with log accents, wood cathedral ceiling, including in master bedroom. This home's yard is a fresh slate to landscape the way you want. Mostly lived in only in the winter, the outdoor area is just waiting for that creative touch. It has brand new stain giving it that fresh curb appeal, and preserving the wood siding. The back deck takes in the Teton views and Valley views to the South West. This is a must see! Furnishings are negotiable.
